

## Disaster Cash Assistance Program

### Frequently Asked Questions

#### What is the Disaster Cash Assistance Program?

The Department of Social and Health Services activates the Disaster Cash Assistance Program, or DCAP, when the governor declares certain states of emergency. The program is meant to help some Washingtonians meet their basic needs during the state of emergency.

#### Why is this happening?

The federal government has once again approved implementing DCAP in Washington state. Effective April 2021, DCAP will be reinstated in response to the COVID-19 emergency. The DSHS Community Services Division has additional funding and a new order from Governor Inslee to administer this temporary program to help Washingtonians through this unprecedented time of hardship.

#### How often can I get this help?

Based on the current order from the governor, the DCAP program may be offered monthly. A new application and interview are required for each request during this time.

#### How long will this program be available?

This is a temporary program and will end when the state of emergency ends, or when all the funds are disbursed, whichever is sooner.

#### Can I receive a DCAP cash benefit even if I don't have kids living with me?

Yes.

## Will my immigration information be shared with federal immigration authorities (United States Citizenship and Immigration Services)?

DSHS will not verify immigration information with USCIS for those who are only eligible for DCAP. Those individuals or families who are eligible for other cash or food assistance programs will have their immigration status verified by DSHS through the [SAVE system](#) under its contract with USCIS.

## How do I receive the benefits?

If you are approved for DCAP, your benefits will be issued to your Electronic Benefits Transfer, or EBT, card. If you do not have one, we will provide you a card. Your card will be sent to you in the mail, unless you have a general delivery address.
